## Production/Well Testing Series

*MJ Flare System*

*Trailer-Mounted Air Assisted Flare*

*Trailer-Mounted MJ Flare*

### Reliable and efficient.

Designed for wellhead and tank battery applications, Zeeco's Rental Flares are reliable smokeless flaring solutions for your production needs. Our equipment can meet and exceed your most stringent requirements while achieving a 98% Volatile Organic Compound (VOC) destruction efficiency. With our durable construction and high efficiency flaring, our rental flare systems provide virtually maintenance-free operation with no adjustment requirements over their entire operating lifetime.

### Easy installation and operation.

Zeeco's Rental Flare Systems are designed with installation time in mind. Not only are they easily transportable, but can also be installed within a matter of hours. Operator errors are minimized with an easy to use control system for monitoring and adjusting critical parameters.

### Multiple designs available.

Zeeco has several flare designs available to meet your production needs. Optional equipment is available with each rental flare system including flame arrestors, knockout drums, and pilot temperature recording.

# Rental Flare Systems

## Common Applications

- Emergency flare replacement
- Flares for day-to-day equipment maintenance
- Regenerative thermal oxidation (RTO)
- High pressure blowdowns (pipeline and product storage)
- Low pressure tank degassing
- Loading operations (gasoline and others)
- Vapor control
- Vapor combustor backup
- Combustion equipment to meet new stream regulations
- Capacity upgrades for existing systems
- Performance enhancement for existing systems
- Well testing and drilling
- Soil and groundwater remediation

## Available Equipment

- Large elevated flares up to 300 ft (91 m)
- Trailer-mounted flares
- Skid-mounted flares
- Air assisted flares
- Thermal oxidizers
- RTO backup systems
- Enclosed flares
- Vapor combustors
- Biogas flares for landfills and digesters
- Knockout drums, liquid seals and detonation arrestors
- Other equipment available

## Why Choose Zeeco?

Zeeco leads today's global market in the design of combustion equipment. Our engineers have the experience, knowledge and tools to properly size and design any flare or incinerator, anywhere. Zeeco's flare systems have been operating around the globe for over 30 years. Our philosophy of providing customers with superior quality, on-time shipments and competitive pricing is the cornerstone of our success. Let us put our experience to work for you. Call or e-mail us today to learn more about the full line of ZEECO® flare products and replacement components for your new or existing flare system.
